Projects

Food Application

- Developed a food application utilizing React Navigation and hooks for efficient state management, enhancing user experience through seamless navigation and dynamic content updates.

Car Parking Booking System

- This C++ project efficiently manages vehicle parking, allowing users to park cars, view details, check expenses, and remove vehicles with a user-friendly interface.

Todo -Application

- A user-friendly To-Do app built with React, allowing users to add, remove, and manage tasks efficiently.

Skills

Proficient in C++ , Front-end Development and **Data Structure and Algorithms with 150+ problems solved**

- **Programming Language:** C,C++,JavaScript .
- **Framework and Database:** React , SQL .
- **Computer Fundamental:** Object Oriented Programming (OOP) , Database Management Systems , Operating System .
- **Familiar :** Nodejs ,Express.js , Java , MongoDB.
- **Version Control:** Git, GitHub .

Online Profiles

- **GeeksforGeeks:** Solved **70+ Question** and Engaging with a wide range of programming problems to sharpen my problem-solving skills and enhance my coding proficiency.
- **leetcode:** Solved **110+ Question** and Actively solving algorithm challenges to strengthen my understanding of data structures and algorithms.

Education

Jahangirabad Institute of Technology Barabanki(U.P)

- Branch CSE | CGPA: 6.8 (6th semester)

2021 - 2025

(expect-Sept)

Wisdom Way Progressive Inter College Lucknow (U.P)

- UP BOARD (Class XII), Aggregate: **71.4**

2019- 2021

Wisdom Way Progressive Inter College Lucknow (U.P)

- UP BOARD (Class X), Aggregate: **71**

2017- 2019

Certification

- Basic Problem Solving (**Hacker-rank**)
- Intermediate JavaScript(**Hacker-rank**)

Objective

Passionate BTech student with a strong foundation in JavaScript, C++, and front-end development frameworks like React. Eager to apply problem-solving skills and technical knowledge to real-world projects. Seeking an internship opportunity to contribute to innovative solutions, collaborate with cross-functional teams, and enhance user-facing applications. Committed to continuous learning and growth in the field of software development.
